

AT A GLANCE

A SNAPSHOT OF ASIA P3 HUB

WHO ARE WE?

Asia P3 Hub is a Singapore-based regional platform for multi-sector collaboration. P3 stands for People, Public and Private Sectors. We bring together people from the different sectors to collectively tackle effects of poverty. Our initial focus is water, sanitation and hygiene (WASH).

Asia P3 Hub is hosted by World Vision International, which enables the Hub to tap into existing networks of local stakeholders in countries across Asia Pacific, leveraging World Vision's extensive footprint, deep knowledge and local expertise.

WHAT WE DO

Facilitate and broker multi-sector partnerships

Cultivate partnering ecosystems

HOW WE DO IT

Combinatorial innovation

OUR SERVICES

Match business solutions with country demand

Co-create scalable solutions

Last mile reach

Partnership capability-building (e.g. training, coaching, mentoring, assessment)

SUCCESS LOOKS LIKE...

Shared resources are multiplied

Healthy communities and families

Strengthened livelihoods

WHY?

WHY WORLD VISION?

World Vision

Leading NGO provider of clean water globally and 60+ years working with communities, governments and local partners in Asia.

WHY WASH?

Water and sanitation crises are a top global risk—260 million people in Asia do not have access to clean water, and 1.34 billion people do not have access to adequate sanitation. (WHO, 2015)

WHY SINGAPORE?

World class hydrohub of expert water resource management and R&D.

WHY MULTI-SECTOR PARTNERSHIPS?

In today's complex world, some problems cannot be solved by one sector alone. We believe that together, people from different sectors can co-create dynamic, meaningful solutions from resources they already possess.

GEOGRAPHIC FOCUS

SECTOR FOCUS

Water supply

Sanitation

Environmental hygiene

Hygiene behaviour change

UNIQUE ADVANTAGE

Diverse networks

Access to expertise

Trusted relationships

VISION

An ecosystem where all sectors contribute collectively to build healthy, prosperous, hopeful communities.

MISSION

We tackle effects of poverty by enabling multi-sector partnerships to create solutions which multiply resources, break poverty cycles and benefit families, communities, and societies.

CORE VALUES

COMBINATORIAL INNOVATION

It is putting tried and tested ideas together in new ways

SAFE SPACE

To spark fresh ideas and build new relationships

CO-CREATION AND SHARED VALUE

Success is co-created, market-driven solutions for changed lives

EXCITEMENT AND ENERGY

870+ individuals and organisations engaged
